

## Price list 2023

**Price addition is a compensation that Green Cargo charges for certain types of variable transport depending on geography or type of goods. The supplements are entered and visible in the agreement and are paid for each transport performed. Price adjustment is a change in price in an agreement in connection with renegotiation, index adjustment, incorrect price or changed conditions according to an agreement. Information about prices is available at [www.greencargo.com](http://www.greencargo.com) under: booking / my transport / terms, conditions and price adjustments.**
